

1 November 1967

MEMORANDUM FOR THE RECORD

25X1A

1. I met with [] to determine if it would be convenient for him, and if he would be willing to present to the senior Agency management the address which he gave recently at the Institute for Executives in Scientific Programs. I indicated that the probable setting for this would be a dinner meeting at the Agency, and that a honorarium might be anticipated.

25X1A

2. [] would be happy to participate sometime during the week of 27 November or 11 December whichever appears to be most convenient. I told him I would discuss this with Carl Duckett to see if we could fix a definite date, and then check again with him.
